

Installation of Copyleft Player:

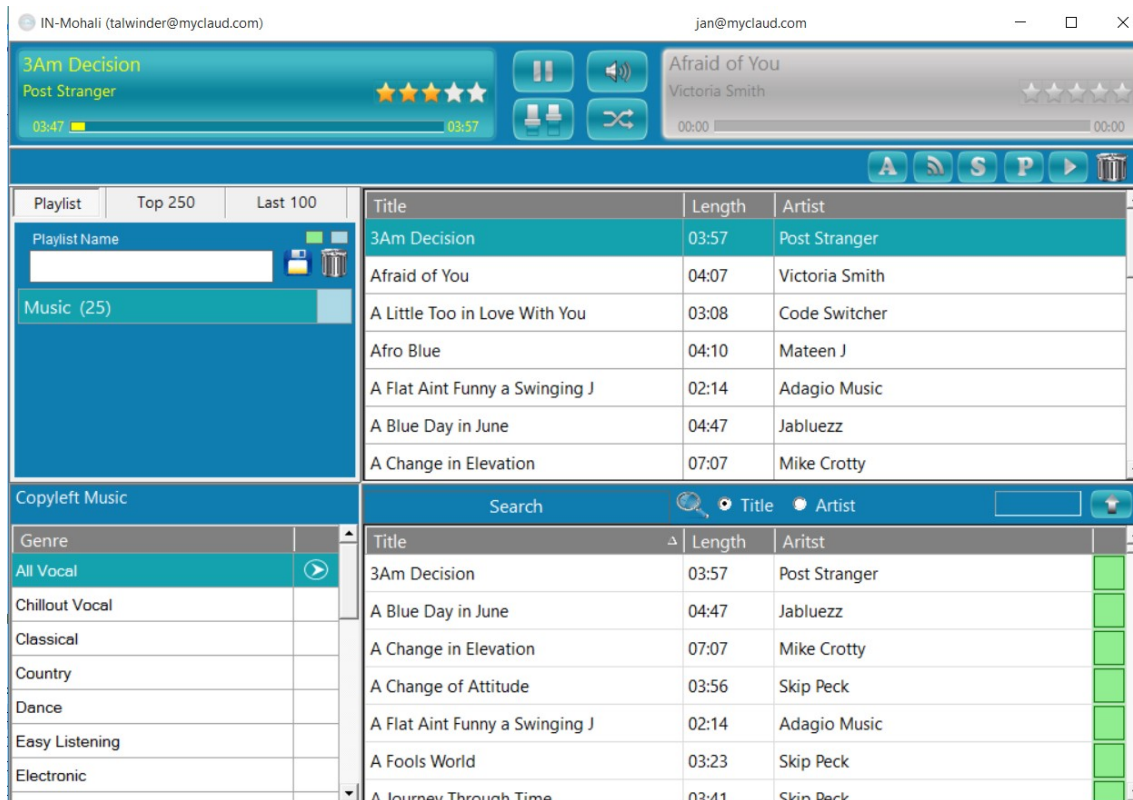

- 1) After the installation of the Copyleft Player, which you have received by e-mail and were you had to click on the installation link you will need to complete user Name, Token no and Dealer code what is optional.
- 2) Once the installation is completed, press the login button.

- 3) Now Admin login screen will appear, here you will need to enter the user name (admin) and password (admin) and tick the checkbox to remember it. Now press the login button.

4) After admin login, the Copyleft music player screen will appear.

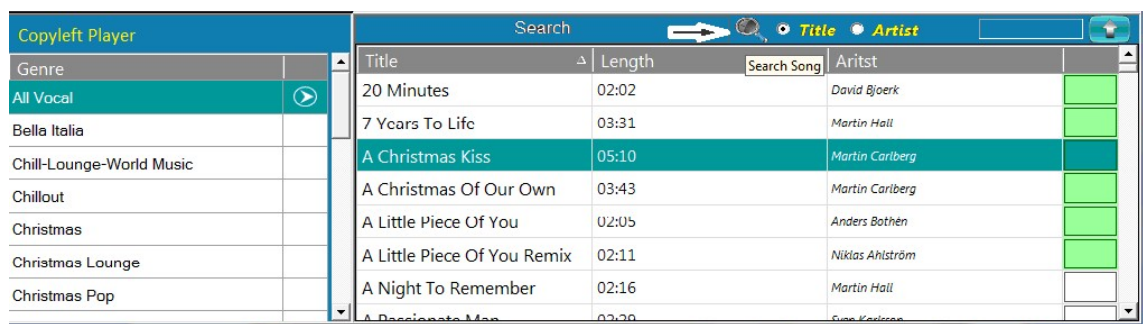

- Initially when you start the Copyleft music player by default 25 songs are downloaded.
- Sky blue colour: Indicates that the current playlist is set as default playlist When you start the player it will play only the default playlist songs.
- Change Default Playlist. To click on the right part of the mouse, the system let you change the default settings to another playlist.
- Green colour: Indicates that the songs are downloaded and added to a playlist.
- Pink colour: Indicates that the songs are downloaded but not added in a playlist.
- Grey colour: Indicates that the songs are available for download.

- You can also drag and drop any song to either player A or player B, directly from the download section.

Working flow of Copyleft player

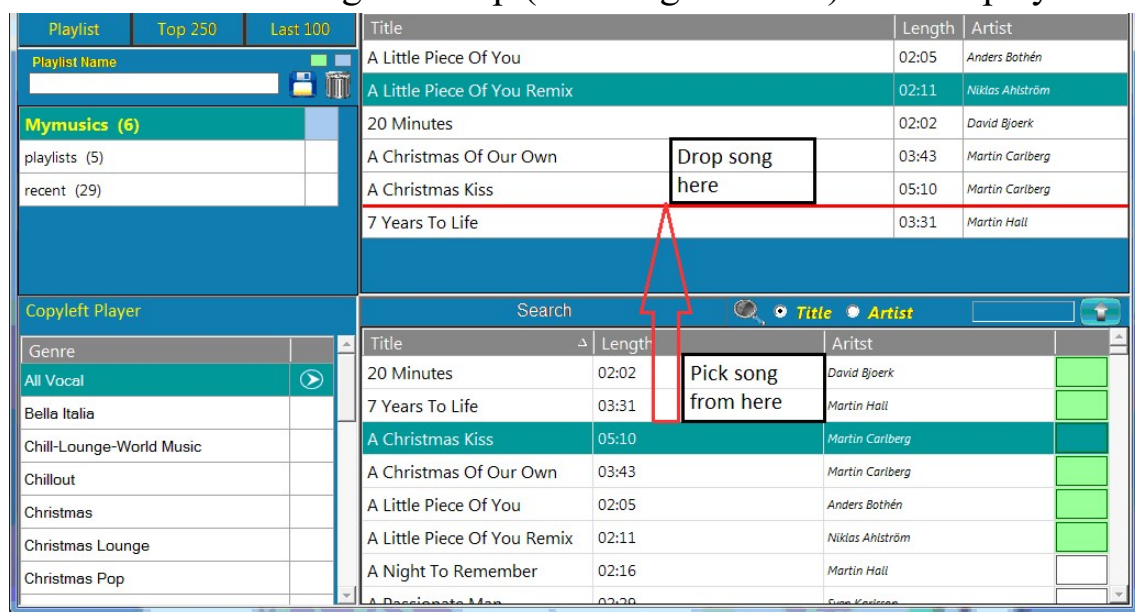

- In the left side, there is a Genre block, as shown below in the fig. It contains various genres. When you click on any genre from the list, its corresponding songs will appear on right side.
- You can also search a song by title or by artist by typing its name in the search box. After that press enter key or search button.

- To add one or more songs in a playlist, you need to select the songs (only 10 songs at a time) by pointing 1 song and keep the shift key at the same time and then click on this button.

- You can also drag and drop (one song at a time) into the playlist.

You can change the playlist name according to your wish. To do so, follow the following steps:

Renaming playlist name:

- Double click on the playlist whose name you want to change.
- Now the selected playlist name will be shown in playlist name box.
- Edit it and save it by clicking on save button or press enter from the keyboard.

Player Features

❖ Song fade

If you want to listen to the next song then click on song fade button.

❖ Song shuffle

If you want to change the sequence of songs of the selected playlist then click on song shuffle button or use up and down arrow keys from the keyboard.

❖ Top 250 :

Playlist		↔ Top 250	Last 100
Title	Artist		
20 Minutes	David Bjoerk		
A Christmas Of Our Own	Martin Carlberg		
7 Years To Life	Martin Hall		

When you click on (Top 250), it displays the top most songs which have highest ratings.

You can give ratings to the current song by selecting the star symbols as shown below:

❖ Last 100:

When you click on (Last 100), it displays the most recently played songs. You can also create a new playlist of these recent songs. For this you need to follow the following steps:

- Click on Last 100. It will show you a list of most recently played songs.
- Now, enter a playlist name in the playlist name box.
- Save it by clicking on save button  or press enter from the keyboard.

❖ Add New Playlist:

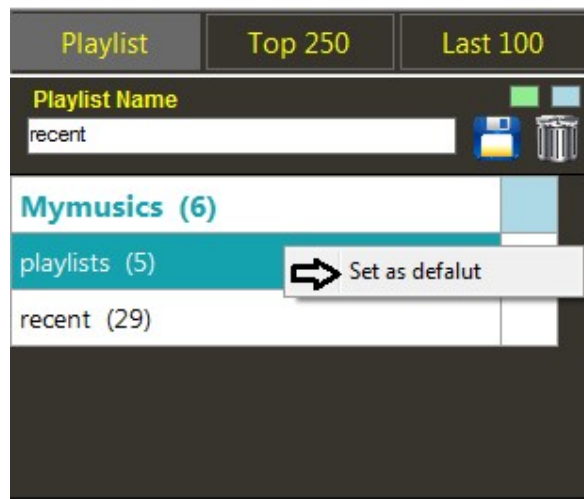

If you want to create a new playlist then enter a playlist name in the playlist name box and click on save button  or press enter from the keyboard.

❖ Set playlist as default:

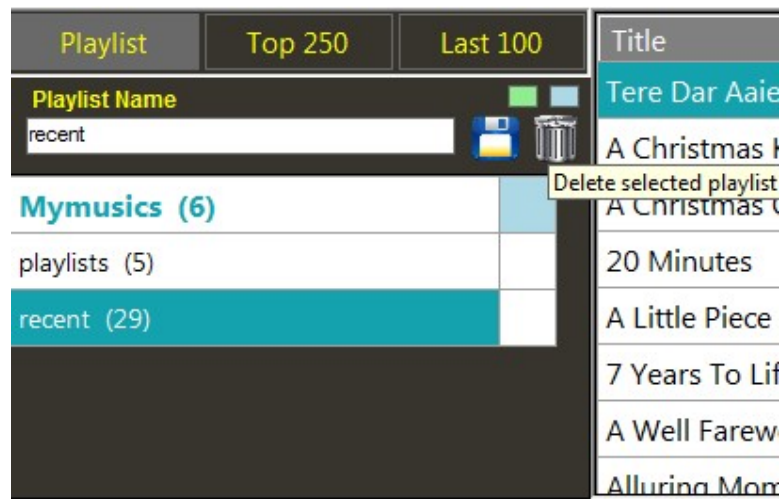

You can set any playlist as default playlist by right clicking on it and select Set as default option as shown below.

Only the default playlist songs will be played.

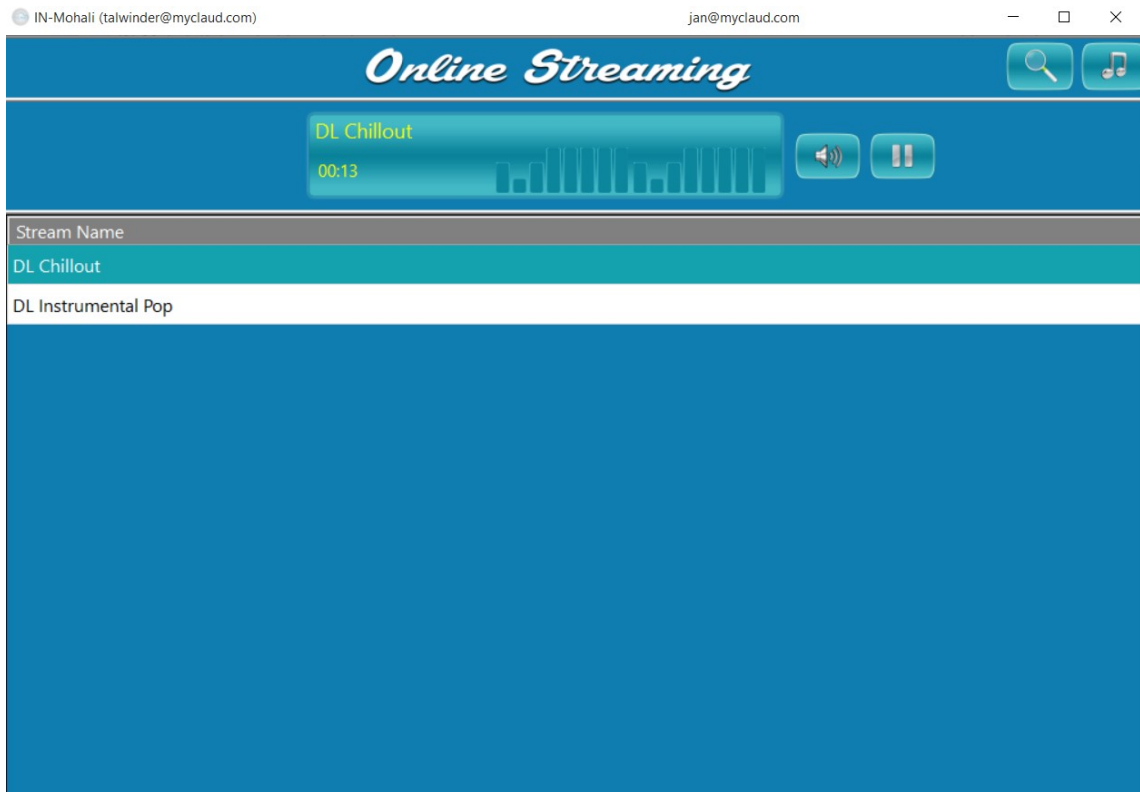

❖ Delete playlist:

If you want to delete a playlist then firstly select the playlist that you want to delete and then click on delete button  or press delete key from the keyboard.

❖ Online Streaming:

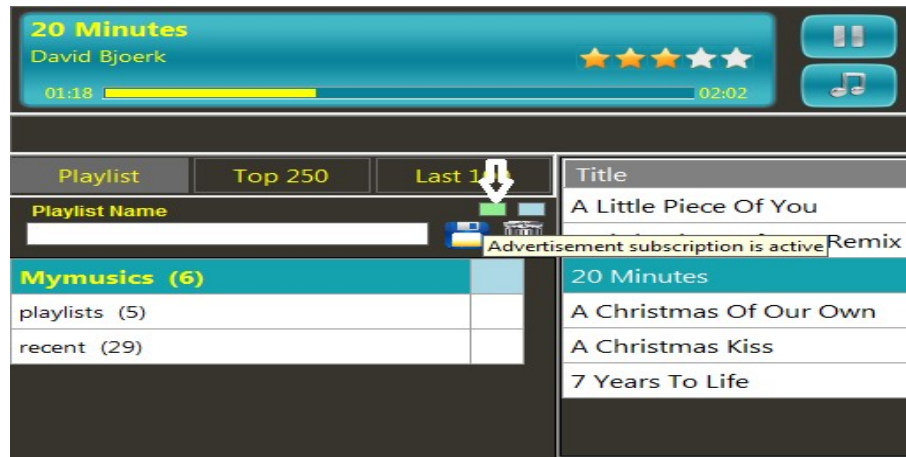

When you click on this button  following screen will appear as shown below. It will display various streams. You can listen to any stream by clicking on it.

❖ Advertisement:

This functionality works only if you have activated the advertisement subscription.

- Green colour: Shows that the advertisement subscription is active.
- Red colour: Shows that the advertisement subscription is not activated.

When you click on this button  following screen will appear. It will show you list of advertisements.

[Save Settings](#) [Admin Settings](#)

Two ways to play advertisement:

By default advertisements will play at Admin mode (according to time).

1) Manual mode: You can change the sequence of ads by using drag and drop feature, after that you need to click on **Save settings**. The manual settings done by you will work only for that particular schedule date, which is selected by you.

2) Admin mode: In admin mode, Advertisements play only according to time. If you want the ads to be play at admin mode then click on Admin settings.

Advertisement Features:

❖ Ads Schedule setting: You can do the scheduling of advertisements for upcoming dates. It works for both manual as well as admin mode.

For Example: Select a schedule date from the calendar as shown below. Now you can change the sequence of ads by using drag and drop feature according to your wish and save the settings. On that selected date, you will see that the ads will run according to your settings.

Save Settings Admin Settings

- Back to player: when you click on this  it will switch you back to the Copyleft music player.

The screenshot shows the myclaud.com web interface. At the top, there's a header with the user's email (IN-Mohali (talwinder@myclaud.com)) and the site name (jan@myclaud.com). Below this is a music player interface. The left side of the player shows the current track: "3Am Decision" by "Post Stranger", with a progress bar at 03:47 / 03:57 and a star rating. The right side shows the next track: "Afraid of You" by "Victoria Smith", with a progress bar at 00:00 / 00:00. Below the player is a playlist section with tabs for "Playlist", "Top 250", and "Last 100". The "Playlist" tab is active, showing a list of tracks with columns for "Title", "Length", and "Artist". The tracks listed are:

Title	Length	Artist
3Am Decision	03:57	Post Stranger
Afraid of You	04:07	Victoria Smith
A Little Too in Love With You	03:08	Code Switcher
Afro Blue	04:10	Mateen J
A Flat Aint Funny a Swinging J	02:14	Adagio Music
A Blue Day in June	04:47	Jabluezz
A Change in Elevation	07:07	Mike Crotty

Below the playlist is a "Copyleft Music" section with a "Genre" dropdown menu. The "All Vocal" genre is selected. To the right of the genre menu is a search bar with a magnifying glass icon and a dropdown menu for "Title" and "Artist". Below the search bar is a table of search results with columns for "Title", "Length", and "Artist". The results are:

Title	Length	Artist
3Am Decision	03:57	Post Stranger
A Blue Day in June	04:47	Jabluezz
A Change in Elevation	07:07	Mike Crotty
A Change of Attitude	03:56	Skip Peck
A Flat Aint Funny a Swinging J	02:14	Adagio Music
A Fools World	03:23	Skip Peck
A Journey Through Time	03:41	Skip Peck
